All-

See attached for additional legal questions for the attorneys on what we need to consider for approving programs and whether or not we have the authority to place add MM on a states program (and the legal risk for doing that compared with not do that). We t-ed up some of these questions for them last Aug/Sept so I used that as a foundation. However, I could not find any written response from the attorney's on our earlier questions about what to consider for approvability, etc. Perhaps we discussed during a call but I do not remember any clear resolution.

Please provide me with any edits by COB Wed. I would like to send out on Thurs **Ex. 6 - Personal Privacy** Don, thanks for sending the Qs on new devel and osds yesterday.
